

## FIRE WORKS WILL NOT BE ALLOWED

Chief Domingus has a notice and warning to parents in this paper in regard to the discharging of fire works in the city.

There is an ordinance in Dothan prohibiting this and he has stated that any one violating this will be arrested if it takes the whole force busy all during the holidays.

Mayor Baker has already made it known that he is going to put a heavy fine on any one caught discharging fire works in the city and as for Mayor-protem Watford he has already expressed his sentiment when he fined a prisoner six dollars a few days ago for violating the fire works law.

The chief stated that there was not only danger to property but to loss of limbs and life. He referred to the rowdyism of last Christmas and the Christmas and in fact the bad results that have come in Dothan from fire works display. One of the worst things about the fire works business, he said is the way in which the people take advantage of the noise and discharge pistols, shot guns and other dangerous fire arms, endangering both life and property. Last Christmas in the downtown part of the city during the discharge of the many large crackers, several pistol shots were fired and came near ending fatally right on the main streets. One man was seen walking up Foster street shooting his pistol on the sidewalk just to see the bullets bounce, but fortunately no one was injured by his rowdy actions, at Bonham & Son, phone 463.

The officers of the town want the cooperation of all the citizens in making the coming Christmas, a sane one and thereby pleasant and have been several times before.

## HEADLAND AVENUE CHURCH

Rev. Lamar Jones will preach at 11 a. m. and 7:15 p. m.

Next Wednesday the ladies of the Headland Avenue Baptist church will have a great display of Xmas goods for sale at Miss Bettie Britt's store.

## MODERN PRISCILLAS

The Modern Priscillas were delightfully entertained this afternoon at 3 o'clock by Mrs. Hugh G. Smith, in honor of her charming guests, Miss Lucile Alford, of Columbia, and Miss Frances Simmons, of Marianna.

Five tables were daintily arranged about the reception hall and domino whist was enjoyed.

After the games two delightful courses were served, one a salad course and the other chocolate and cake.

"WINONA" shown at the Criterion last night drew a packed house. The manager has another of the Kalem Indian pictures today that is just as good, "BIG ELK'S TURN DOWN."

For Sale—A few choice, single comb White Leghorn cockrels, the kind that lays and never sits, \$1 each. Phone 268. 110

Fresh shipment Indian River bounces, but fortunately no one oranges, thin skin, juicy and sweet was injured by his rowdy actions, at Bonham & Son, phone 463.

## REV. W. F. GRAHAM KILLED BY TREE

Rev. W. T. Graham, of Temille, a local Baptist preacher and a prominent minister of that section was almost instantly killed yesterday when he was crushed by a falling tree. Mr. Graham was well and favorably known throughout the county. He was 66 years of age and leaves a large family of children.

The burial took place today at 10 o'clock at Springfield church cemetery, near Temille. The funeral will be preached by Rev. J. Black, a life-long friend and neighbor of the deceased.

The sad and sudden death of Mr. Graham is deplored by all who knew him.

This makes the second death by falling trees in that section in the past month, a son of J. M. Carter having been killed at Briar Hill in a like manner a few days ago.

The physician in charge thinks that there is a slight change for better in the condition of Mr. Stripling, who has been down for three weeks.

## KILLS EAGLE AS LARGE AS A MAN

Tusculum, Ala., Dec. 9.—Robert Houston, residing three miles east of Tusculum, brought to this city yesterday a large gray eagle, which he had killed near his home, measuring seven feet and two inches from tip to tip and weighing 100 pounds.

## MR. WHITE BURIED HERE

Mr. White, the father of Rev. I. A. White, formerly pastor of the First Baptist church of this city, but now of Thomasville, Ala., died yesterday afternoon at the home of his son-in-law, H. L. Lisenby, at Ashford. Death came about 3 o'clock in the afternoon. Old age is said to be the cause.

The body was brought here today and was laid to rest beside the grave of his daughter-in-law, Mrs. I. A. White, who died here several years ago.

Rev. Mr. White and several other sons of the deceased were present at the time of the death and accompanied the remains to this city this afternoon.

## The Dothan Eagle

W. T. HALL, Editor and Proprietor

Saturday, December 10, 1910

The weather is Christmasing up.

The shopping still remains good.

All next week, a street fair, and that in Dothan, too.

Uncle Joe is playing his last card, and it shouldn't surprise one if he makes some bitter plays.

John D. says that contentment is better than riches, but we doubt whether he is a competent judge.

The Christmas shopping started off like it wouldn't last but a few days. People want to get a disagreeable job off their hands as early as possible.

Kentucky gained six per cent. in population, but you must remember that Alabamians have gone up there for a good many of them.

Gradually the sidewalk paving down town will be put down. It will not be long before one can walk along the sidewalks at night without a lantern.

### The Mansion.

A good deal is being said at this time about building a governor's mansion at Montgomery. Some want to spend \$150,000 on a building, which would take the governor's salary to maintain a retinue of servants to keep the house in order. That is too much money for the state to put into a home for the governor, unless the state was richer, and the salary was fatter.

You know it would take a good deal of agony and dog, to maintain a \$150,000 house in the city of Montgomery.

Suppose a bill might squeeze through carrying an appropriation for \$25,000, and this would be ample for a building in keeping with the state's financial condition. That's a lot of money to put in a house where the occupant must get along on a \$5,000 salary.

### Job on Tap

Several hundred appointive jobs are on cold storage. In fact, those who have been interested, say that there are 700 jobs to be given out to the faithful O'Neal men. Some of the papers that were not for O'Neal originally, think that this isn't fair, to hand jobs out to the first 700 men who brought out the governor-elect. That is the game of politics, however, and the man who opposed O'Neal at any time, need not expect much at his hands in the way of an appointment. He would be merely following the example of the present incumbent. Governor Comer has been a man who looked out for those who looked out for him, and almost any man elected to such an office would first take care of his friends, and if there were any good things left over, the other class might be given a show.

The worst feature about the jobs that are soon to be on tap is, that the jobs won't go around. There are too many original O'Neal men asking for reward, and a fuss is bound to come up in the ranks.

Which goes to show that blessed is he who expects nothing. Let the Caucus Name the Committees.

The longer the problem concerning the committees of the House

is studied, the more plainly does it appear that the controlling party should itself name the controlling members of the committees. The plan of letting the speaker do this has broken down, and a committee of committees would be or at least could be as tyrannical as one man. So all democrats are turning to the plan of a selection of the democratic members of the committees in the caucus which selects a speaker. In this way the majority would retain its rightful power.

The House has the right to elect its committees and it should exercise this right. If it will do this the demand of the people for the overthrow of Cannonism will be fairly met and satisfied. The minority would be committed to name its own members. Speaker Cannon often interfered in this respect, naming in some instances both the majority and the minority members of a committee.

Let a Democratic caucus next December do the work. This is true democracy, and it seems to be a solution of the problem that will satisfy the people, meeting as it does every pledge of the party, while it retains the right of selection where it belongs. The House should select its own committees upon nominations made by caucuses of the two parties.—Age-Herald.

### HOME MISSION SOCIETY.

The ladies of the Home Mission Society will meet Monday afternoon at three o'clock in the ladies' parlor of the Foster street Methodist church. Each member is urged to be present as the meeting be one of much interest.

### POINTED PARAGRAPHS

Occasionally a bald-headed man has a hair breadth escape.

Men who are rolling in wealth should find a better use for it.

The man who is unable to appreciate wisdom has none of his own.

Every man knows what he would do until the time arrives for doing it.

And a woman never believes she is to fat until things begin to slide off her lap.

When two souls have but a single thought the thought is to the effect that they are affinities.

The bachelor who marries an old flame need not expect her to get up and kindle the kitchen fire.

Never ask a girl to name the prettiest of her sex present at any given place. It is awfully embarrassing to a modest maid.

Perpetual motion seems to be an impossibility, but you can't make the father of strenuous twins believe it.

And it frequently happens that a widow is firmly convinced that she is a living example of the survival of the fittest.

### Timely Suggestions For Investors

There is a scarcity in houses to rent for from \$12.50 to \$15 a month. We have an average of ten applications a week for houses of this class. Eight hundred dollars invested in a lot 270 feet east front, two blocks from the new high school building and towards Main street will furnish five lots for houses, say to cost \$1,000 each. On an investment of \$1,100, one can have an income of \$180 a year easily. This property is in a white section and will advance in value rapidly.

Take a look at a new six-room residence on South Appletree street on a two-thirds of an acre lot we are offering at \$1,600. It's worth a fourth more.

West Main property is as cheap as it will ever be. If you contemplate owning a home on one of the best streets in Dothan, it would be well to investigate the homes we have for sale on this street.

With the improvements just completed on East Main street, property in that part of town is increasing in value. We have an elegant seven-room house, with all conveniences, almost new and on a lot 100 by 226 feet and 140 feet adjacent frontage for sale. The price is \$5,000. It's worth \$6,000.

We have for immediate sale 160 acres on public road half mile from city limits, well improved and naturally fine land. We can sell at \$25 per acre if taken before Dec. 15.

Food cooked with hog lard compounds is so thickly coated with grease give the gastric juices little chance to assimilate it. *Cottolene* contains no hog fat. It coats the food with grease, and food cooked with it is easily digested.

From the standpoint of health there is no comparison between food cooked with *Cottolene* and food cooked with lard. Lard is just hog fat—*Cottolene* is a pure vegetable product of Nature.

*Cottolene* makes food which any stomach can digest, and builds up the tissues of the body.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in its entirety, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.
